Dear Julie,

Re: Diversity Mark Assessment -Outcome

I write to confirm that your assessment visit was conducted by Anthony Peltier on 19th July 2023 and a draft report has been sent to you. This report has now been subject to review and Quality Assurance (QA).

We are now pleased to confirm, that **Chase Lane Primary School and Nursery**, has now been awarded the Diversity Mark **Bronze Award**.

The school has made significant progress in creating a strong commitment to diversity and promoting equality of educational outcomes for all pupils. Chase Lane Primary School and Nursery has also demonstrated clear evidence, of strong leadership and a clear vision for inclusion across the school.

The school places a strong emphasis on diversity, equality, and inclusion, which is evident in the leadership's commitment to promoting these values. The KS1 commendation assembly, led by Headteacher Julie O'Mara, provided a prime example of this commitment. The assembly was well-attended by parents, creating an inclusive atmosphere where they could witness and celebrate their children's achievements. During the assembly, children were rewarded for their accomplishments with books.

The leadership of the school is good in terms of the commitment to the inclusion program and building a culture of excellence. Chase Lane Primary School and Nursery should now start working towards achieving the **Silver Award**, which is the next level of the standard.

Congratulations to all the those involved in achieving this excellent result, the school, parents and staff should be proud of the strong foundations you are creating for your pupils.

Yours Sincerely

Samson DeAllyn

Senior Director
